Go clubbing – announcing a great new service for investment clubs

*Please note we offer a free e-mail reply service and calls to our premium line will be charged at 60p per minute. Offers and discounts available for a limited period only.

ProShare Investment Clubs is run by Digital Look – an independent company that provides information, tools and news that investors can use.

Terry Bond, founding father of the UK's investment club movement, explains how you can benefit:

stock market winners with over 100,000 members in the UK alone.

Now, through the creation of the National Register of Investment Clubs, joining an investment club has never been easier or more attractive.

We are proud to announce the launch of a new range of exclusive club services, offers and discounts for the huge network of clubs we support and the flood of new clubs we are attracting."

Terry Bond

The ProShare Investment Club movement now offers you these new services and more:
